

URBAN TREES

PARKLAND PILLAR BIRCH

Betula platyphylla 'Jefpark'

MATURE HEIGHT
MATURE SPREAD
SUN
HARDINESS ZONE
WATER REQUIREMENTS

25 – 40 feet (7-12 metres)
7 feet (2 metres)
Full Sun/Partial Shade
3 to 7 (Canada)
Low

- A **FAST-GROWING, LOW-MAINTENANCE** tree that is tolerant of urban pollution and a variety of growing conditions. Watering is only necessary during dry periods, especially while it is establishing.
- **NARROW, VERTICAL** with **DENSE** foliage. Has white bark, golden foliage in the fall and in close plantings can serve as a **HEDGE**. Would also make an ideal planting for a **BOULEVARD**.
- **DEER** don't particularly care for this plant and will usually leave it alone.
