

URBAN TREES

WHITE FRINGE TREE

Chionanthus virginicus

MATURE HEIGHT	15 feet (5 metres)
MATURE SPREAD	15 feet (5 metres)
LIFESPAN	60 years (under ideal conditions)
GROWTH RATE	Slow
SUN	Full Sun to Part Shade
HARDINESS ZONE	4 to 6
WATER REQUIREMENTS	Moderate
SOIL TYPE	Prefers moist soil with good drainage Not particular to soil type or pH
FIRE SMART	Yes
POLLUTION TOLERANT	Yes
USAGE	Accent for smaller home landscape

PROS

- Small ornamental tree with **generous** clusters of delicate, **fragrant**, white flowers that grace the tree's long, drooping branches. Adaptable to drier soils. Male trees do not produce fruit.

CONS

- Very small understory.
